ARMY SPECIAL RULES

This section of the book describes all the different units used in a Dark Elf army, along with any rules necessary to use them in your games of Warhammer. Where a model has a special rule that is explained in the Warhammer rulebook, only the name of that rule is given. If a model has a special rule that is unique to it, that rule is detailed alongside its description. However, there are a number of commonly recurring 'army special rules' that apply to several Dark Elf units, and these are detailed here.

ELVEN GRACE

Models with this special rule have the Dodge (6+) special rule in close combat. However, this cannot be used against enemies that attack before the model with Elven Grace.

ETERNAL HATRED

Models with this special rule have the Hatred special rule in addition to Hatred (High Elves).

HEKARTT'S BLESSING

A Wizard with this special rule gains a +1 casting bonus.

MURDEROUS PROWESS

Models with this special rule may re-roll all To Wound rolls of 1 when making close combat attacks.

KHAINITE

Models who are Khainites (except models deploying using the Hidden special rule) may only join units which are also Khainites, and models who are not Khainites may not join Khainite units.

SEA DRAGON CLOAK

A Sea Dragon Cloak gives the wearer the Natural Armour (5+) special rule against missile attacks.

DEATHRAIN CROSSBOW

Deathrain crossbows have the following profile:

Range:	Strength:	Special Rules:
16/24"	2	Multiple Shots (3), Rapid Fire

REPEATER HANDBOW

Repeater handbows have the following profile:

Range:	Strength:	Special Rules:
8/12"	2	Multiple Shots (3), Quick Shot, Rapid Fire

THE LORE OF DARK MAGIC

SPITEFUL CONJURATION

When a Wizard successfully casts a **hex**, **magic missile** or **direct damage** spell from this lore, and the casting roll contains any double, the spell's target unit suffers 2D6 Strength 2 hits after the spell has been resolved. If the casting roll contains any treble, the spell's target unit instead suffers 3D6 hits instead.

Each failed Toughness test causes a Wound which Ignores Armour Saves. In addition, all models in base contact with the target suffer a Hit at the target's base Strength.

NAGAELYTHE THE CHILLWIND

Level 1

Cast on 5+

Nagaelythe the Chillwind is a **magic missile** with a range of 24" that causes 2D6 Strength 2 hits. If the target suffers any unsaved Wounds, all models in the unit suffer a -1 penalty to their Ballistic Skill characteristic until the start of the caster's next Magic phase.
